STEP 5: Check your email – you would have received an email from **Open Weaver** with a password reset link. Check your spam/junk folder if you are unable to find the email in your inbox.

STEP 6: On clicking the link, you will be prompted to **set a new password**. Set a new password with a minimum of 8 characters having a mix of letters and numbers.

The screenshot shows the 'Studio' logo at the top. Below it is a grey header bar. A yellow warning box contains the text: **You need to change your password.**

Change Password

New Password

● At least 8 characters. ● Mix of letters and numbers

Confirm password

Change Password

STEP 7: Enter and confirm your new password and click on **Update Password**. You should see a message confirming your password has been successfully updated.

The screenshot shows the 'Studio' header with a red and white logo. Below it is a grey bar. A yellow warning box contains a triangle icon and the text 'You need to change your password.' The main heading is 'Change Password'. There are two input fields: 'New Password' and 'Confirm password', both containing blacked-out text. Below the 'New Password' field are two red error indicators: 'At least 8 characters.' and 'Mix of letters and numbers'. At the bottom is a purple button labeled 'Change Password'.

STEP 8: Go ahead and Log in using your registered email address and the new password you just set.

The screenshot shows the 'Studio' header with a red and white logo. Below it is a grey bar. The main heading is 'Login to Open Weaver Studio'. There are two input fields: 'Email' and 'Password', both containing blacked-out text. To the right of the 'Password' field is a link that says 'Forgot Password?'. At the bottom is a purple button labeled 'Login'. Below the button is a line of text: 'By continuing you indicate that you have read and agree to our [Terms of service](#) and [Privacy policy](#)'.

STEP 9: On logging in, you will have access to **Open Weaver Studio!**

STEP 10 : BOOKMARK this page! Create your own application using **Open Weaver Studio**.

ALL THE BEST!
